18. Good sportsmanship is to be displayed at all times by all exhibitors, their families, and spectators. Good sportsmanship is defined as respectful treatment of judges, show management, other competitors, and all horses and other animals involved. When a report or discovery of inhumane treatment is made, show management will investigate the incident and report it to the appropriate authorities and MSU Extension staff. 2023 Class Descriptions, Rules, and Regulations

Halter

The following applies to all Arabian & Half-Arabian In-Hand Halter Classes with the exception of Sport Horse.

General: Horses to be shown in-hand at a walk and trot. The conformation of the horse, as it pertains to the Arabian breed, is judged in this class. Emphasis is placed on conformation, type, quality, movement, substance, manners, and presence. Only first and second place horses are eligible for the Open Championship Class.

Tack: A suitable headstall (with or without a bit) equipped with a throat latch, or a leather stable halter, is mandatory. A whip no longer than 6 feet is optional. There may be no contact of the whip with the horse and excessive intimidation or actions that disturb other entries will be penalized. Only clear or transparent hoof products can be used while showing in any Halter Class.

Attire: Exhibitors should be neatly dressed and attired, with appropriate footwear.

Procedure: One at a time, the horses shall enter the arena at a walk to a designated point on the rail, and then relax until all horses have entered the ring. When all horses have entered, the horses will then be asked to walk collectively counter-clockwise and then clockwise back to their original positions. Following the walk, all horses shall relax and only the horse "on deck" shall be prepared to show. Horses shall be walked to the judge and presented for judging. Horse should stand correctly bearing weight on all four feet (not stretched) in a quiet and deliberate manner. Following the evaluation by the judge, the horse shall walk away from the judge and then strike a trot before turning left and continuing back to line.

Showmanship

General: This class required an exhibitor to execute, in concert with their horse, a pattern allowing the judge to evaluate their ability to lead, turn, back, and stop their horse in a safe, precise, smooth, and efficient manner. While showing, the exhibitor will be evaluated on their ability to maintain poise and confidence, as well as a functional and natural body position. Although not a halter class, the exhibitor will be required to present the horse in a safe and effective set-up for inspection. The conformation of the horse is not to be judged. The horse may be set-up in either a square or split stance, with neither being preferred or penalized. In addition to showing, the exhibitor is also judged on the grooming and condition of the horse, as well as correctness and neatness of appointments and tack. Judges may assess conformation and general horsemanship knowledge through individual questioning, although the same questions must be posed to each exhibitor.

General: Rider should have a workmanlike appearance. Seat and hands should be light and supple, conveying the impression of complete control should an emergency arise. Horses that move in an artificial frame, are over flexed/behind the bit, or carry their head such that it is below the withers, shall be penalized. Horses may show with a braided mane and tail.

Appointments: Riders should wear a short, tailored coat (of conservative color and material suitable for hunting, discrete patterns allowed), breeches (or jodhpurs), hunt boots, and a conservatively colored hunt cap, derby, or protective headgear. **ASTM-SEI approved protective headgear with harness is mandatory for all riders 17 & Under.** Spurs (unrowelled), gloves, and crops/bats (not to exceed 30" in length) are optional.

Posting at the trot is required. The canter is a three-beat gait that should look smooth, unhurried, and with moderate collection. The horse should travel straight and correct on both leads. Hand-Gallop, to be performed at the discretion of the judge, is a controlled, ground-covering, free-moving gait. A true lengthening of stride is to be shown. Extreme speed is to be penalized.

The rider should have their ankles flexed in, heels down, and calves of the legs in contact with the horse slightly behind the girth. The hands of the rider should be over and slightly in front of the withers, slightly apart and making a straight line from the mouth of the horse to the elbow of the rider. The reins must be picked up at the same time; however, the butt of the reins may fall on either side. At the walk, sitting trot (if called for) and canter, the body of the rider should only be a few degrees ahead of vertical. At the posting trot or hand-gallop, the body of the rider should be inclined forward.

Saddleseat

General: Exhibitors enter the ring in a counterclockwise direction, at a normal trot. Light contact must be maintained with the reins at all gaits. Judges are required to consider the performance at each gait equally in judging this class.

Tack: Flat English-Type Saddle is required (no forward seats). No martingales or tie-downs are permitted. Horses shall be shown in a single curb, full-bridle (curb and snaffle) or Pelham bit. A junior horse (5 years of age and under) may be shown in a single smooth snaffle bit.

Gaits: The rider will be asked to Walk, Trot, and Canter both directions of the ring. Hand-Gallop will be called for at the discretion of the judge. Extreme speed is to be penalized.

Pleasure: It is imperative that the horse gives the distinct appearance of being a pleasure to ride and displays a favorable attitude. The horse is to perform all gaits willingly and with cadence, balance, and smoothness. Horses will be judged on manners, performance, quality, and suitability of the horse to rider.

Equitation: The exhibitor should convey the impression of effective yet easy control. The complete picture of horse and rider is most important. The hands of the rider should be held in an easy, yet controlled position. The height of the hands of the rider above the withers shall depend on where the horse carries their head but should form a straight line from the mouth of the horse to the hands of the rider. All reins must be picked up at the same time, using two hands. The bight of the reins should fall on the off side. The rider should sit comfortably in the saddle with a slight bend to the

knees, ankles flexed, and heels down. The rider should show only slight movement in the saddle at the walk. As the rider posts at the trot, there should be a slight elevation from the saddle. Hips should be aligned under the body, not swinging forward or backward, or moving up and down in a mechanical motion. At the canter, the rider should maintain a close seat.

Western

General: The Western Classes will be judged at all gaits (Walk, Jog, Lope) both directions of the ring. Light contact must be maintained with the mouth of the horse at all times. Results as shown in the performance of the horse are not to be judged more important than the method used in obtaining them.

Appointments: The rider is to wear a western hat or protective headgear, boots, a long-sleeved shirt with any collar, and long pants. If pants have belt loops, a belt must be worn. Chaps and spurs are optional. A vest, jacket, or sweater may also be worn. Hair is to be neat and fastened so as not to obstruct the back number of the exhibitor.

Tack: A standard Western Saddle (or Sidesaddle) is to be used. A western-type headstall without a noseband is required. A standard western bit as defined by USEF in AR144 with shanks and a curb chain or flat leather curb strap must be used on horses 6 years and older. A junior horse (5 years of age and under) may only be ridden in a bosal or snaffle bit as long as the horse has not been shown in any western event in a curb bit. Two hands may be used only when riding with a bosal or a snaffle. Split reins or closed reins, with a Romal, are equally acceptable, but a finger between the reins is only acceptable when split reins fall on the side of the reining hand. A closed hand must be used with Romal reins. Rope, Reata, hobbles, and breast collars are optional. Hackamore bits, tie-downs, martingales, and draw-reins are prohibited. Unless riding Sidesaddle, whips are prohibited.

Gaits: The rider will be asked to show at the Walk, Jog, and Lope both directions of the ring. Hand-Gallop will be called for at the discretion of the judge. The horse should stand quietly in the line-up and back readily when asked.

Pleasure: The stride of the horse should be free-flowing and ground covering in keeping with the confirmation of the horse. Excessive slowness is to be considered a fault.

Equitation: The rider should sit in the saddle and appear comfortable, relaxed, and flexible. The heels should be lower than the toes. The upper arms of the rider should be in a straight line with the upper body. The arm holding the reins should be bent at the elbow. The hands of the rider are permitted to be around the reins. If using split reins, one finger is permitted to be between the reins. The hand not holding the reins should be kept free from touching the horse and equipment. The reins are to be directly above or slightly in front of the saddle horn. Only slight movement is acceptable. The rider is to sit the jog (no posting). At the lope, the body should remain close to the saddle. All movements of the horse should come from imperceptible rider aids.

Western & English Riding

General: The Western & English Riding Class is open to exhibitors of all ages. The class is a combination class, which is designed to show the characteristics of control and skill used in Equitation, Reining, and Trail Classes. It combines the maneuvers needed for a working-ranch or hunter horse. The rider is to be judged on their ability to govern, control, and properly exhibit the horse and the pattern. All shows in a given year will use the same pattern which will be posted at the Show Office.

Appointments: The exhibitor may ride Western, Hunt, or English. Attire must match the seat shown.

Tack: Western, Hunt, and English rules apply. Tack must match the seat shown.

Gaits: Flying or simple lead changes are allowed within the 10 ft. area designated in the pattern.

Bareback Equitation

General: Bareback Equitation is open to exhibitors of all ages.

Appointments: The attire of the rider must match the seat shown. Chaps are allowed if showing Western.

Tack: No saddles or saddle pads are allowed. For allowable tack, headgear, and bits, see rules above.

Pinning a Dressage Test

A rider that enters multiple classes of the same Dressage Test may choose to have one score count for any/all classes entered. The rider must designate at the time of entry which class will be ridden.

Example: An exhibitor enters classes for Intro A Novice Combo and Intro A 17 & under. You indicate on entries that you are pinning these classes. You are charged for 1 class at full price and the other class at "pinned" price with discount. You sign up for 1 ride time, indicating in comments it is Intro A- Novice Combo/ Pin 17 & under. You ride the test once and your score is counted for and placed in both classes.

Scheduled Ride Times

- All riders must sign up for their individual ride times on 'Sign Up Genius' after entering on Gaitkeeper. The rider must designate if they will choose the 'Pinned Class' option.
- It is the responsibility of the rider to show up for their scheduled ride time and to work out any time conflicts with the Main Arena. There will be no changing of ride times without official notification.
- An exhibitor that misses a ride time will need to reschedule with the Dressage In-Gate. All missed ride times will be made up at the end of the day, time permitting; the Steward will not be able to 'squeeze' in make-ups. Dressage Tests must be canceled at the show office by 9:00 am the day of your ride in order to not be charged for the class.
- A rider will have 60 seconds to enter the ring after the bell has been rung. Failure to notify management of a time change or failure to enter the arena on time will be marked as a 'no show.' An exhibitor may enter the arena, outside the official Dressage Ring, after the preceding exhibitor has ended their test with a salute and the warmup bell has been rung. In the event that the scheduled ride times are running early, the exhibitor will have the option of riding early or waiting until their scheduled time. If scheduled ride times are running late, the exhibitor will still be required to follow the scheduled order. Ride times will be assigned in 8-minute increments.
- Ride times will be available on Friday from 2:00 PM – 6:00 PM and are given preference to riders who are entered in 10 or more Main Ring classes. Any level test may be ridden during this time.
- Any and all Dressage Classes can and will be combined, canceled, or split, depending on the number of exhibitors entered. The decision of the EMAA Board is final.
- The 'Test of Choice' Class can be any test but is not used towards placing or points. If the test is above Second Level, the exhibitor must provide 2 copies of the test to the judge.
